

Summer Together at ERC

The Educational Resource Center is excited to announce our new *Summer Together* program. We know it has been a strange and, at times, alarming few months. We will continue to weather this journey together. We have created some new offerings to help our students combat the rollercoaster they've been on. For the time being, all offerings will be delivered virtually until it's safe to be together again. Join us for *Summer Together*, remotely, for individual and group sessions now via Zoom, Skype, FaceTime or GoogleMeet.
